

Year 5 Spring 2 Homework

Weekly tasks

Spelling Shed

Practise your spellings ahead of your test each Friday; you can use Spelling Shed to support with this.

Reading

We encourage you to read at least 4 times a week and fill out your Reading Log in your Home / School Diary. Remember, you can use MYON to read books on a device too!

Maths

Please practise your times table recall using TTRS.

Your weekly Maths homework is set on Atom Learning.

Wider curriculum project

To celebrate this half term's learning, we invite you to create a project on one of our topics from any subject across the curriculum. Below, you'll find our different topics and some ideas for projects.

Due in: Monday 18th March, 2024

This half term, Year 5 are learning about:

- Cooking in Design and Technology
- Rivers in Geography
- Reversible and irreversible changes in Science
- The weather in French
- Singing in Music
- Flat-file databases in Computing

Ideas:

- Use some seasonal food to create a savoury dish of your choice (perhaps one the Vikings might have eaten!) – create a 'recipe page' like one from a book showing us the process
- Create an interactive poster that explains the different parts and processes of rivers
- Create a PowerPoint presentation about famous rivers around the world
- Carry out a science investigation for reversible and irreversible changes and present your findings.
- Present a weather report (all in French!)
